“Creating and Sustaining Transformation –
Evidence-based Best Practice”

Making change happen, and more importantly, making change stick seems straightforward on the surface. But, for anyone who has embarked on improvement work, there is nothing about the journey that is straightforward. In this webinar, participants will learn the techniques, the strategies, and the habits of improvers that result in measurable and sustainable transformation.

Learning Objectives:

1. Describe 3 tactical best practices to create and sustain practice transformation
2. Describe 3 reflective best practices to create and sustain practice transformation

Our Speaker:

Mary Coughlin MS, NNP, RNC-E

Mary Coughlin is an inspirational speaker, motivational coach, and transformational consultant with a clinical background that spans over 30 years.

A graduate from Northeastern University where she received her baccalaureate and master's degrees in nursing, Ms. Coughlin served 7 years of active duty service in the USAF Nurses Corps before transitioning to civilian practice. A seasoned staff nurse, charge nurse and neonatal nurse practitioner, Ms. Coughlin is currently the President and Founder of Caring Essentials Collaborative, LLC.
